Town of Goffstown Organization

Of General Interest

The Town of Goffstown was incorporated on June 17, 1761. It is located in Hillsborough County, nine miles west of Manchester on NH Route 114, north of Bedford on NH Route 114, east of New Boston on Route 13 and south of Weare on NH Route 114. Sixteen miles to Concord, the State capitol.

The population of Goffstown is approximately 11,500.

Type of government — Annual open Town Meeting, three-man Board of Selectmen, twelve-member Budget Committee.

Voter registration qualifications — must be 18 years of age, and a citizen and resident of Goffstown. Registration with Supervisors of the checklist and Town Clerk. New registrations ten days prior to elections. Absentee ballots available for qualified voters of Town and State primary and general elections.

Fire permits are issued at Fire stations. Must be picked up in person between 7:30 am and 5:00 pm.

Dog licenses expire on April 30 of each year. A dog must be licensed at 3 months — rabies certificate required. Fees: Male, \$6.00; neutered male, \$3.50; female, \$6.50; spayed female, \$3.50. \$1.00 per month penalty as of June 1.

Automobile registration is renewable in birth month, available from Town Clerk to residents. Resident tax receipts and car title required. Auto renewal decals available from Town Clerk for an additional fee of \$1.50 to N.H. residents.

Tax Bills — sent out on property assessed as of April 1 in the name of the owner as of April 1 (Example: Property assessed April 1, 1982 is taxed for year ending March 31, 1983). Resident taxes mailed in June to all residents age 18 to 65 as of April 1.

Zoning ordinance in effect controlling the land uses in Commercial, Industrial, Residential, Agricultural, Flood Plain and Conservancy Open Space Zones.

Town dump is located off Laurier Street in Pinardville. Open 8:00 am to 5:00 pm except Sunday. Dump sticker required, available from Town Clerk's office. Dump closed holidays.

Rubbish pickup once a week.

Selectmen's Report 1982

We are pleased to submit this 1982 Town Report. Included are all of the required budgetary, accounting and statistical information as well as reports from the various departments, committees and boards.

As usual, we are highly appreciative of all of the concerned citizens who serve, for no compensation, on the many boards, commissions and committees. We would like to single out this year the following temporary boards whose hard work, research and advice contributed immeasurably to the decision-making process for the Selectmen: Railroad Study Committee, Fiscal Year Study Committee, Sanitary Landfill Study Committee, Computer Study Committee, Grange Hall Study Committee, Microfilm Study Committee, Cable TV Advisory Committee and Wind, Solar and Wood Energy Study Committee. Obviously, this Board had neither the time nor the expertise to study all of these very important areas, and the contributions of these people made it possible for this Board to make decisions which we believe to be in the best interest of the Town.

To the Department Heads and the employees of the Town, we congratulate you! Despite a near catastrophic winter, decreased State revenues, loss of assessed valuation due to the Adjusted

Elderly Exemption; through your management skills and willingness to work together, we were able to return a surplus of over \$175,000.

In an attempt to broaden the tax base of the Town, we are recommending a bond issue to improve our industrial areas which will be of no cost to the Town. We are also recommending a special article which will give seed money to the Industrial Council to allow this body to widen our tax base.

This is the first year we are attempting to implement the updated Comprehensive Plan, and some of the special articles reflect the Capital Improvement Plan component of that plan.

All of these efforts are attempts to make Goffstown a place you are proud to call home.

We ask you to study this report very carefully so that you may be informed and aware of the experience Goffstown has had and the goals we are attempting to attain.

Respectfully,
E. Bruce Bynum, Chairman
Board of Selectmen

GOFFSTOWN BOARD OF SELECTMEN (l-r) John Sarette, E. Bruce Bynum, Chmn., and Robert L. Wheeler with Administrative Assistant Marie Boyle.

1983 Goffstown Town Warrant

To the inhabitants of the Town of Goffstown in the County of Hillsborough, State of New Hampshire, qualified to vote in Town Affairs and to the inhabitants of the School District in the Town of Goffstown qualified to vote in School District Affairs:

You are hereby notified to meet at the Goffstown High School in said Town on Tuesday, the 8th day of March at six o'clock in the Forenoon, to act on the following subjects:

The polls will be open at 6:00 a.m. and close at 6:00 p.m. at the Central Polling Place and will open at 6:00 a.m. and close at 6:00 p.m. in the Fifth District Bartlett School.

You are hereby notified to meet at the Goffstown High School, Saturday, March 12, 1983, at 1:00 p.m. where the business meeting will take place.

None of the articles in the warrant, except those relating to the election of officers and those covering questions on the ballot shall be considered during the time that the polls are open.

ARTICLE 1

To choose all Town Officers, Trustees and Commissioners and School District Officers for the ensuing years, including a member of the Board of Selectmen for three years.

ARTICLE 2

Are you in favor of Amendment No. 1 to the Town Zoning Ordinance as proposed by the petition of voters of this town as follows: Change lots 27 and 27-1, map 7, located on New Boston line, from a classification of Residential-1 to a classification of Agricultural-1. (By Official Ballot) (Approved by Planning Board)

ARTICLE 3

Are you in favor of Amendment No. 2 to the Town Zoning Ordinance as proposed by the petition of voters of this town as follows: To see "if the Town will change lot 89, map 34, plus the railroad land back of this lot from industrial to commercial." Located on Church Street, identified as Kendall-Hadley. (By Official Ballot) (Approved by Planning Board)

ARTICLE 4

Are you in favor of Amendment No. 3 to the Town Zoning Ordinance as proposed by the petition of voters of this town as follows: To see "if the Town will approve a change in zoning on map 38, lot 78, known as the Beddoe property, also Travers Tavern, to commercial zoning." (By Official Ballot) (Not approved by Planning Board)

ARTICLE 5

Are you in favor of Amendment No. 4 to the Town Zoning Ordinance as proposed by the petition of voters of this town as follows: To see "if the Town will change so much of map 5, lot 49, lying northerly of the Public Service Company right-of-way from a classification of agricultural-1 to a classification of industrial." Located on Mast Road, identified as Waldo Anderson farm. (By Official Ballot) (Approved by Planning Board)

ARTICLE 6

Are you in favor of Amendment No. 5 of the Town Zoning Ordinance as proposed by the petition of voters of this town as follows: To see "if the Town will change map 30, lots 44 and 45, from a classification of residential-1 to a classification of limited commercial zone." Located at corner of East Union Street and South Mast Street. (By Official Ballot) (Approved by Planning Board)

ARTICLE 7

Are you in favor of Amendment No. 6 as proposed by the Planning Board for the Town ordinance as follows: Residential zone: Residential Zones R-1 and R-2 to be known as Residential District. Amend Article V B; Eliminate 4; 5 becomes 4, eliminate area describing Residential-2 district; 6 becomes 5. Also change ... minimum lot width ... 2-family residence to **100** feet. (By Official Ballot) (Approved by Planning Board)

ARTICLE 8

Are you in favor of Amendment No. 7 as proposed by the Planning Board for the Town ordinance as follows: Amend Article V, Section B ... Special Exceptions ... 3g to read: "Conversion of an already existing one-family dwelling, attached barn and/or accessory buildings into one or two bedroom or studio apartment, provided that: 1 ... There is public water and public sewer. 2 ... or on-site water and sewage system approved by the N.H. Water Supply and Pollution Control Commission. 3 ... There is sufficient space for parking." (By Official Ballot) (Approved by Planning Board)

ARTICLE 9

Are you in favor of Amendment No. 8 as proposed by the Planning Board for the Town ordinance as follows: Agricultural zone: Change Article V, Section C-4a by eliminating the word **unit**. (By Official Ballot) (Approved by Planning Board)

ARTICLE 10

Are you in favor of Amendment No. 9 as proposed by the Planning Board for the Town ordinance as follows: Eliminate Article V, Section C-5. (By Official Ballot) (Approved by Planning Board)

ARTICLE 11

Are you in favor of Amendment No. 10 as proposed by the Planning Board for the Town ordinance as follows: Conservancy zone: Amend Article V, Section D2 g, to read: "General farming including horticulture, plant nurseries, greenhouses, dairying, livestock, animal and poultry raising, wood harvesting, and other agricultural enterprises or uses. (By Official Ballot) (Approved by Planning Board)

ARTICLE 12

Shall we adopt the provision of RSA 72:62 for a property tax exemption on real property equipped with a solar-energy heating or cooling system, which exemption shall be in an amount of the installation but not to exceed \$10,000.00 of property evaluation. (By Official Ballot)

ARTICLE 13

Shall we adopt the provisions of RSA 72:66 for a property tax exemption on real property equipped with a wind-powered energy system, which exemption shall be in an amount expended for the installation but not to exceed \$2,500.00 of property evaluation. (By Official Ballot)

ARTICLE 14

Shall we adopt the provisions of RSA 72:70 for a property tax exemption on real property equipped with a wood heating energy system, which exemption shall be in an amount not to exceed its total costs or \$1,000.00 whichever is the lesser of the two. (By Official Ballot)

ARTICLE 15

To see if the Town will vote to raise and appropriate the sum of Four Hundred Thirty-Six Thousand (\$436,000) Dollars for the purpose of constructing and improving the following roads:

1. A new road off of Shirley Hill Road as shown on plan entitled "Subdivision Land of N. Edward Berg, Goffstown, New Hampshire, Scale 1" = 100', Dec. 2, 1981, as revised, Survey and Plan by John T. Hills Eng., Inc. Engineer & Surveyor, Manchester, N.H. M-1498-1 & 2 Sheets 1 and 2", approved by the Goffstown Planning Board September 9, 1982;
2. A new road off Daniel Plummer Road as shown on plan entitled "Subdivision Plan Prepared for Gossett McRae, Goffstown, N.H. Scale: 1" = 50', October 1, 1981. Ronald R. Burd, Inc., Civil Engineers & Land Surveyors, 500 Harvey Road, Manchester, N.H.", to be approved by the Goffstown Planning Board:

Such sum to be raised by the issuance of serial bonds or notes pledging the full faith and credit of the Town under and in compliance with the provisions of the Municipal Finance Act (NH RSA §33:1 et seq., as amended) and to authorize the Selectmen, or a majority thereof, to issue and negotiate such bonds or notes, to determine the rate of interest thereon and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Goffstown and to take action relative thereto. Pursuant to NH RSA §231:28 through 33, providing for betterment assessments against abutters and those served, and by virtue of a petition filed or to be filed, from N. Edward Berg and Hyaire, the owners of the lands abutting the above roads to be constructed and improved, it is the intention of the Town such owners will be assessed for the total cost of said road construction and improvements and their abutting lands will be subject to a lien to secure said costs. (Recommended by Budget Committee)

ARTICLE 16

To see if the Town will vote to raise and appropriate a sum of Three Million Five Hundred Forty-Eight Thousand (\$3,548,000) Dollars for the purpose of construction of sewage facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and will qualify the Town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed One Million (\$1,000,000) Dollars under and in compliance with the provisions of the Municipal Finance Act (N.H. RSA 33:1 et seq., as amended) and to authorize the

Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds and notes as shall be in the best interests of the Town of Goffstown, New Hampshire, and to allow the Sewer Commission to expend such monies as may become available from the Federal Government under the Financial Assistance Program of Construction Grants section of the Federal Water Pollution Control Act, as amended, (33 U.S.C. 1251 et seq.) and pass any vote relating thereto. (Recommended by Budget Committee)

ARTICLE 17

To see if the Town will raise and appropriate the sum of Twenty-five Thousand (\$25,000.00) Dollars to be advanced to the Goffstown Industrial Corporation, a voluntary, non-profit corporation, formed under NH RSA 292:1 through 17, for the purpose of taking advantage of NH RSA 162-J, to be used by such corporation to meet operating and maintenance costs incurred for its and the Town's purposes of fostering and encouraging the development of industrial facilities within the Town of Goffstown: said advance need not be repaid by such corporation, but upon the eventual dissolution and liquidation of such corporation, all of its assets shall vest in and be distributed to the Town or take action relative thereto. (Recommended by the Budget Committee)

ARTICLE 18

To see if the Town will vote to adopt the provisions of NH RSA §162-J:1 through 17, so as to allow the Town to foster and encourage the development of industrial facilities within its boundaries, acting directly or through a voluntary, non-profit corporation, alone or in concert with one or more other governmental units, by acquiring, developing, expanding, leasing and disposing of such facilities.

ARTICLE 19

To see if the Town will vote to discontinue as a public way, Middle Lane, so called between the easterly line of Clinton Street and the westerly line of White Street. (By petition)

ARTICLE 20

To see if the Town will vote to authorize the Sewer Commission to negotiate and execute an agreement with the City of Manchester under which Manchester will receive and treat the Town's sewage through a Regional Plan as required by the New Hampshire Water Supply and Pollution Control Commission under RSA 149-B1 and Federal Public Law 92-500, Section 201(c).

ARTICLE 21

To see if the Town will vote the sum of Thirty Thousand (\$30,000.00) Dollars to acquire the following pieces of land from the Boston and Maine Railroad:

1. A strip of land approximately 300' by 15' containing 4340 square feet, more or less, beginning at Main Street between the Burnham building and the hardware store thru to the end of the Pokigo property now used by the Goffstown Auto Parts.

2. A strip of land approximately 26.5' x 40' containing 1203 square feet, more or less, from the burned out bridge to Mill Street.

3. A strip of land on Kendall Hadley ROW that crosses the former railroad bed, approximately 22' x 49.5' containing 1089 square feet, more or less. This ROW goes from Church Street to Depot Street.

4. A strip of land that starts near the corner of the old coal shed on Kendall Hadley ROW and continuing into Depot Street and following the paved road on the right hand side through to the town highway department land and on the other side of the road the land pretty much follows the telephone poles to the same starting point containing approximately 17,500 square feet of land.

5. A strip of land approximately 1137.3' x 49' containing 53,500 square feet, more or less, beginning at the town highway department and continuing thru to the town cemetery land. This will allow the town to continue Depot Street thru to Church Street. (By petition) (Not recommended by the Budget Committee)

ARTICLE 22

To see if the Town will vote to raise and appropriate the sum of Three Thousand (\$3,000.00) Dollars to help defray the cost of the Elderly Nutrition Program within the town. (By petition) (Recommended by the Budget Committee)

ARTICLE 23

To see if the Town will vote to raise and appropriate the sum of Six Thousand Four Hundred Fifteen (\$6,415.00) Dollars to be paid to the Visiting Nurse Association and Home Health Care Agency of Greater Manchester, Inc. to defray the costs of the agency's activities in the town. (By petition) (Recommended by the Budget Committee)

ARTICLE 24

To see if the Town will vote to raise and appropriate the sum of One Hundred Twenty-Two Thousand Six Hundred Twenty-One (\$1,22,621.00) Dollars to retrofit Henry Bridge over the Piscataquog River; Seventy-Two Thousand Sixty (\$72,060.00) Dollars of this amount to be reimbursed to the Town by the State. (Recommended by the Budget Committee)

ARTICLE 25

To see if the Town will vote to raise and appropriate the sum of Sixty-Seven Thousand Five Hundred (\$67,500.00) Dollars for one 35,000 GVW Diesel truck fully equipped with a 5-7 yard dump body complete with one full front snowplow and wing assembly, one 60-watt transceiver, and a slide-on 6 cu. yd. sander body, with emergency lights, canvas cover, backup alarms. \$6,257.00 to be withdrawn from Highway Department Capital Reserve Fund. (Recommended by the Budget Committee)

ARTICLE 26

To see if the Town will raise and appropriate the sum of Fifteen Thousand (\$15,000.00) Dollars for one four-wheel drive pickup truck equipped with a Fischer full angle plow and emergency lights. (Recommended by the Budget Committee)

ARTICLE 27

To see if the Town as provided in RSA 36:4 (c) will vote to rescind its vote to elect planning board members and return to having planning board members appointed by the Selectmen. (By petition)

ARTICLE 28

To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing fund established under the provisions of the State and Local Assistance Act of 1972 for use as setoffs against budgeted appropriations for the specific purposes and in amounts indicated herewith or take any other action hereon.

Town Officers' Expenses	\$ 15,000.00
Police Department	55,000.00
Fire Department	40,000.00
Communications	20,000.00
Summer Roads	18,000.00
Parks and Recreation	20,000.00
Town Insurance	30,000.00
Sanitation	25,000.00
	<u>\$223,000.00</u>

(Recommended by the Budget Committee)

ARTICLE 29

To see if the town will vote to authorize the Selectmen to borrow from time to time, such sums of money in anticipation of taxes as may be needed to meet the necessary running expenses of the Town.

ARTICLE 30

To see if the Town will vote to raise and appropriate the budget submitted by the Budget Committee in the amount of \$7,292,358.00.

Note: This budget will be predicated by estimated revenues in the amount of \$5,306,555.00 and will relate an estimated amount to be raised by taxes of \$1,985,803.00. County Tax and School District Commitment not included. (Recommended by the Budget Committee)

ARTICLE 31

To see if the Town will authorize the Selectmen to apply for, receive and expend federal or state grants, which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money; provided (1) that such grants and other monies do not require the expenditure of other town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of town monies, all as provided by RSA 31:95-b.

ARTICLE 32

To see if the Town will vote to authorize the selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's Deed, purchase, prescription or gift.

ARTICLE 33

"To improve the national and international security, the United States and the Soviet Union should stop the nuclear arms race. Specifically they should adopt a mutual freeze on the testing, production and deployment of nuclear weapons and missiles and new aircraft designed primarily to deliver nuclear weapons. This is an essential, verifiable first step toward lessening the risk of nuclear war and reducing the nuclear weapons arsenals." (By petition)

ARTICLE 34

Whereas, the only possible means for ending the age of thermonuclear terror is the development of the beam-weapon technology to destroy nuclear missiles in midflight with more than 99 percent effectiveness, and whereas, the science and technology for such weapons systems deployment exist as the established or early potential capacity of both superpowers, and whereas, crash efforts to develop beam weapons would incur no net cost to the U.S. economy since the civilian by-products would stimulate a higher technology economic boom, and whereas, the weakening of the West through the present world depression combined with regional conventional warfare in the developing sector makes thermonuclear war an increasing possibility in the immediate years ahead, and whereas, a commitment to such development mandates the direction of medium-to-long term credit for rapid technological progress of U.S. agriculture and other goods-producing and transportation industries, in an increasingly energy-intensive mode, thereby providing employment for millions of unemployed U.S. workers and providing the basis for world economic recovery, THEREFORE, BE IT RESOLVED by the Town Meeting of Goffstown, N.H. that this body, motivated by the best interests of the population for which it is responsible, hereby calls upon the Congress of the United States to:

1. Relaunch the NASA program on an expanded scale, including the Mars Landing program, the manned space lab, and an accelerated space shuttle program as the necessary elements of the capability to launch a space-based anti-ballistic missile system;

2. Double the thermonuclear fusion research appropriation, now at under half a billion dollars a year, to ensure the broad-based fusion program necessary to lay the scientific foundation for developing directed particle-beam systems. The goal established in the McCormack bill passed by Congress in 1980 for an operative fusion test reactor by 1990, and a commercial reactor by 2000 must be reached;

3. Immediately accelerate the high-energy laser program, with the goal of achieving a defense capability against a small number of ICBMs within the next five years;

4. Immediately accelerate the short-wavelength laser and particle-beam program, with the goal of determining the optimum research and development path for immediate and succeeding generations of beam weapons designed to provide complete protection against nuclear war by the middle of the next decade;

5. Encourage from the federal level the shifts in the area of educational policy which will be necessary to create a whole generation capable of carrying out the task of a fusion-based economy. (By petition)

ARTICLE 35

To see if the Board of Selectmen should be requested to notify in writing President Ronald W. Reagan, Senator Gordon J. Humphrey, Senator Warren Rudman and Representative Norman E. D'Amours that it is the desire of the voters at the annual Town Meeting these aforementioned officials of our nation use their constitutionally-mandated authority and influences to reduce the frightening potential of nuclear war by:

1. Stopping promptly and completely the sale and licensing for sale of American equipment, supplies and technology to the Soviet Union and all other Communist countries; and

2. Terminating all programs and agreements whereby our nation provides loans, credits and rescheduling of debts with and to all Communist nations. (By petition)

ARTICLE 36

To see if the Town will vote to go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of Goffstown and to the health and welfare of the people of Goffstown.

These actions shall include:

1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.

2. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal.

The record of the vote of this article shall be transmitted to the New Hampshire Congressional Delegation and to the President of the United States. (By Petition)

ARTICLE 37

To hear the reports of Town Officers, Auditors, and Committees and to pass any relating thereto.

ARTICLE 38

To transact any other business that may legally come before said meeting.

Given under our hands and seal this 14th day of February, 1983.

Selectmen of the Town of Goffstown:
E. Bruce Bynum
Robert L. Wheeler
John C. Sarette

A true copy, attest:

1982 Town Meeting Minutes

The meeting was called to order at the Goffstown High School at 1:05 P.M. by MODERATOR Rodney L. Stark. Cub Scouts Keith McRae, Chris Connors and Glen Walker presented the colors followed by the Pledge to the Flag.

Selectman John C. Sarette spoke giving tribute to Immediate Past Selectman Henry T. Grady for giving many years of unselfish service to the Town.

Moderator Stark read of the posting of the Warrant.

ARTICLE 1 — To choose all Town Officers, Trustees and Commissioners and School District Officers for the ensuing years, including a member of the Board of Selectmen for three years.

The action: Nominations for two needed Fire Wardens were made from the floor: GOSSETT McRAE, PETER JENKINS, EDWARD FAIRHURST AND DAVID WALKER, P. Jenkins withdrawing. Voters asked for a standing vote — Counters were asked to come forward: "Corky" Gaudreault, Alanna Stark, Diana Sterling and Al Baines were sworn in by Mod. Stark. The votes for Fire Wardens tallied: G. McRae = 155, E. Fairhurst = 30, D. Walker = 126. McRae and Walker were declared the Wardens by the Moderator. George Williams for Cemetery Trustee was voted unanimously.

ARTICLE 8 — To see if the Town will vote to abolish the elective method of designating the members of the Planning Board, and to authorize and direct the Selectmen to appoint persons to fill any vacancy on the Planning Board occurring on or after Town Meeting 1982 as authorized by RSA 36:4, 11-a. (By petition).

The action: Daniel McNerney spoke for the article stating a few reasons that Selectmen should appoint Planning Board members. Elmer B. Nickerson explained that Mr. Joseph O'Donnell (now deceased) intended for the Bd. of Adjustment members be elected but wrote in Planning Bd. in error. John Stafford spoke against the art. stating that Mr. O'Donnell meant both boards to be elected. Motion made and voted to end debate. By voice vote: the AYES, moderate — the No's were loud. Article declared defeated.

ARTICLE 9 — To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred (\$1,500.00) Dollars to defray in part the site rental expense to the Elderly Nutrition Program. (By petition) (Recommended by Budget Committee).

The action: Selectman Robert L. Wheeler made motion to amend article to the amount of \$3,000.00 with explanation of how funds for program are being cut and how the program benefits the elderly in Goffstown and that this is a one-time appropriation. Evelyn Adams explained many benefits of program for a hot meal along with the sociability and companionship for the elderly. The question was moved and vote on amendment to article Ayes, loud, no, a few. Art. passed with loud AYE VOICE VOTE.

ARTICLE 10 — To see if the Town will vote to authorize the purchase of an EDUCTOR Truck, for an amount not to exceed \$120,000, \$59,000 to be withdrawn from the Highway Dept. Capital Reserve fund, and \$61,000 to be raised by taxes. (Recommended by Budget Comm.)

The action: Eductor defined in terms of "sewer sucker" — Selectman Wheeler explained there are 450 manholes, the present '51 model has given out which was purchased from the State who had it 12 years prior to that — and it will not handle outlying septic systems, also alternative avenues were looked into ie; "lease purchase" and "old chassis made over." Question by P. Tolman whether the \$ amount is included in the bottom-line figure of the budget — Answer, it is under Capital outlay. Joe Perry explained the eductor will clean out catch basins, manholes, etc. (pumps and blows). Dick

Kincaid moved to table this article temporarily until after Art. 13 re: the new Fire Truck is considered — motion defeated. The Moderator asked for discussion "against" this article and there was none — The question was moved and voted by voice vote. Aye, loud — No, none and Mod. declared the Article carried.

ARTICLE 11 — To see if the Town will vote to raise and appropriate the sum of \$5,832.00 to be paid to the Visiting Nurse Association and Home Health Care Agency of Greater Manchester, Inc. to defray the costs of the agency's activities in the Town. (By petition) (Recommended by Budget Committee).

The action: Grace Gage R.N. spoke for passing of art. with more services to the elderly which have been hurt due to inflation and Medicare limited funds. Very little discussion followed by voice vote — Aye, loud. No, two voices. Art. declared carried.

ARTICLE 12 — To see if the Town of Goffstown will raise and appropriate the sum of Twenty-Three Thousand Six Hundred and Fifteen Dollars, (\$23,615.00) to replace existing alarm cable and add new cable along Mast Road to Pinardville, and to replace the existing alarm panel in the central fire station. (By petition) (Recommended by Budget Committee).

The action: Fire Chief R. Fletcher explained that the Alarm panel in the fire station is causing problems due to old cable which when installed cost \$12,000.00. Pinardville has seen much expansion in the last few years and needs more street alarm boxes. Asked if the County would help with the alarm system, Chief stated it cannot be discussed with County until voted in by the town meeting. Question on "voice" alarm, answered that the batteries are not reliable, also that this will be to the advantage re: fire insurance Underwriters classification (currently Class 4.) No speakers against art. Vote by voice vote — Ayes loud in favor, No, faint. Art. declared carried.

ARTICLE 13 — To see if the Town of Goffstown will vote to authorize the purchase of a combination Ladder and Pumper Fire Truck for an amount of \$200,000 to replace Engine Four, a 1957 Ford, in the Pinardville Fire Station. And to authorize the withdrawal of \$18,000.00 from the Fire Department Capital Reserve Fund and the remaining \$182,000.00 to be raised by taxes. (By petition) (Recommended by Budget Committee).

The action: Fire Chief Fletcher stated current truck, '57 Ford, not adequate, and the cost of the same new truck has increased \$20,000 since 1981 Town Meeting. There are now more chimney fires from woodstoves, it takes the Village truck 10 min. to get to Pinardville, relating this to the \$5.11 per hour paid to the Firemen. Question, what year will the town meeting be asked for more equipment? Answer from Chief, Next Year! The equipment should be assessed yearly. Pete Jenkins explained this new truck will cut down on manpower to operate. A suggestion against the art. that \$15.00 smoke alarms in each home be mandatory. Voice vote on art. — Aye, loud — No, loud. Standing vote called for. Results: YES — 189 NO — 120. Art. declared passed.

ARTICLE 14 — To see if the Town will vote to raise and appropriate the sum of \$21,500.00, to conduct an engineering survey of Henry Bridge to include a condition survey, a stress analysis, plans, specifications and estimates for necessary contract work. (Recommended by Budget Committee).

The action: After a short explanation by Selectman Wheeler re: condition of areas of the bridge, standing vote taken. YES — 109 NO — 97. Art. declared passed.

ARTICLE 15 — To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as setoffs against budgeted appropriations for the specific purposes and in amounts indicated herewith or take any other action hereon: TOWN OFFICERS EXPENSES = \$15,000, POLICE DEPT. = 60,000, FIRE DEPT. = 40,000, COMMUNICATIONS = 20,000, SUMMER ROADS = 18,000, PARKS & RECREATION = 20,000, TOWN INSURANCE = 30,000, STREET LIGHTING = 15,000, SANITATION = 25,000 — TOTAL = \$243,000.00. (Recommended by Budget Committee).

The vote: Very little discussion ensued — the Art. passed by unanimous voice vote.

ARTICLE 16 — To see if the Town will vote to discontinue public rights in a portion of Rundlett Hill Road as formerly traveled from the north line of land of Ralph D. and Carolyn L. Underwood (being about 143.53 feet northerly of the stone wall believed to be on the Goffstown-Bedford Town Line) northerly across land of the Order of St. Benedict of New Hampshire to St. Anselm's Drive at or near the intersection with College Road. The portion to be discontinued measures approximately 1975 feet in length and is shown on a plan entitled "Plan of Land, St. Anselm's College, Goffstown, N.H." by Thomas F. Moran, Inc. and dated October 9, 1980. It is also intended that the Selectmen be authorized to accept a Warranty Deed from the Order of St. Benedict of New Hampshire for a public road in a new location in lieu of the above discontinued road, pursuant to N.H. RSA Chap. 238:1.

The vote: Selectman Wheeler explained that technically the road is over St. Anselm College lawn and the situation should be fixed — also that no other road will have to be built to compensate. Voice vote Aye, loud — No, none. Art. passed.

ARTICLE 17 — To see if the Town will vote to discontinue public rights on Rundlett Hill Road from the Bedford/Goffstown Town Line to the intersection of St. Anselm's Drive, and authorize the Board of Selectmen to deed this property to the Order of St. Benedict of New Hampshire.

The vote: Selectman Wheeler explained this will avoid costs of repairs to the road. Voice vote on Art. was unanimous with one NO. Art. declared passed.

ARTICLE 18 — To see if the Town will vote to discontinue public rights in a portion of Center St. as formerly traveled beginning at the intersection of the old traveled way with the present traveled way near the junction of Center St. with Elm St. and Locust Hill Rd. (at or near Sta. 104+00 as shown on a plan by the N.H. Dept. of Public Works and Highways, Bridge Design Section, of Bridge No. 129/116, Project #T-1715, File #3-15-1-II, Sheet 4, dated 1971 and revised June 1972) and running easterly to the intersection of the new and old traveled ways at or near the intersection of Center St. with Tibbetts Hill Rd. (at about Sta. 110-50 as shown on said plan) and measuring about 675 feet in length. The only portions of the old road right-of-way to be discontinued by this measure are those lying greater than 25 feet from the centerline of the new traveled way. Also reserving from this discontinuance the right of the town to maintain existing storm drainage lines, and the right of the Water Precinct to maintain water service lines within the old right-of-way, pursuant to New Hampshire RSA 238:1.

The vote: Re: the culvert over "HARRY BROOK" — very little discussion — Passed voice vote.

ARTICLE 19 — To see whether the Town will vote to establish an historic district commission under RSA 31:89-a:89-1 which consists of 7 members; all shall be residents of the Town, one shall be a

member of the Board of Selectmen, the rest shall be appointed by the Board of Selectmen for three year terms with initial appointments staggered so that 2 members serve for one year, 2 members serve for two years and 3 members serve for three years.

The vote: Explanation given by Daniel McNerney that there will be a survey of historic areas, one area at a time — "Long Range" ramifications will be what the "town wants" — restrictions etc. to be set by the town, ie: exterior details, structural conditions, etc. This commission has nothing to do with Historical Society. Short discussion followed re: the duties of the Commission. Voice vote, AYE, Loud — NO, few. Declared passed.

ARTICLE 20 — To see if the Town of Goffstown will vote to authorize the Goffstown Board of Selectmen to accept a Quitclaim Deed from the Goffstown School District transferring to the Town of Goffstown any and all of said School District's right, title and interest in a section of Park Lane, so-called, in said Town of Goffstown, which section is approximately 30 feet in width and 110 feet in length, more or less, which right, title and interest was acquired by the Goffstown School District by deed of Roland A. and Dorothy N. Barnard, dated June 14, 1965 and recorded in the Hillsborough County Registry of Deeds August 6, 1965 in Volume 1841, Page 141.

The vote: It was explained that a portion of Park Lane will be deeded from the School District to the Town. Passed by voice vote, none opposed. Art. Declared adopted.

ARTICLE 21 — To see if the Town will vote to adopt the provision of RSA 72:66 for a property tax exemption on real property equipped with a wind powered energy system which exemption shall be in an amount of 100% of the cost of said system. (By petition).

The vote: Explained by Jerry Thibaudeau and was questioned with regard to Public Utilities, being involved. Amendment to article by Fred Jennings — "the exemption will refer only to the equipment concerned with the wind-powered generation equipment and the towers that might support this equipment."

Selectman Wheeler moved to table the amendment, the vote, Aye, loud — No, few. It was moved to table the article, with the AYES declared passed by Moderator. Standing vote asked for: YES — 109, NO — 57. Article declared tabled by Moderator.

ARTICLE 22 — To see if the Town will vote to adopt the provisions of RSA 72:62 for a property tax exemption on real property equipped with a solar energy heating or cooling system which exemption shall be in an amount of 100% of the cost of said solar system. (By petition).

The vote: A motion "to table" — "to dismiss" by Larry Shirley, followed by a short discussion, "to dismiss" favored by Moderator Stark. Allen Gamans explained "solar" that he has been associated with for several years, its advantages, etc. Another voter suggested the article be re-written, "that a complete solar house could be completely exempted—" Question, what does "tabling" mean? Will it come up again next year? Answer was NO, it is considered a "dead" issue. Mr. Tolman spoke against article and for tabling stating "discrimination in regards to benefits."

Mr. Gaudreault, Building Inspector, discussed "envelope houses", stating there are two in Goffstown at the present time and questioned how assessments can be made of these type of houses. Question, will dismissal prevent further study and will the intent merit enough for further study? Previous question moved and voice vote to dismiss. AYE, loud — NO, loud, too. Moderator called for standing vote — YES, 103 — NO, 69. Moderator declared article dismissed.

ARTICLE 23 — To see if the Town will vote to have the Board of Selectmen appoint a committee of five persons, to volunteer their time, to look into the feasibility of changing the town's fiscal year from a calendar year to a JULY first through JUNE thirtieth fiscal year, and changing the time of the annual Town Meeting from March to May. Said committee to report back its findings to the Board of Selectmen by August 1, 1982, for further consideration by the Board of Selectmen and Budget Committee, according to the provisions set forth in RSA 31:94-b Section 1, as amended August 29, 1973. (By petition).

The vote: Question was asked "why isn't the year like the Federal Government?" Oct. one to Sept. 30. A committee will bring back findings to the Town Meeting. The State of N.H. fiscal year is July one to June 30, same with School District. Arnold Perkins stated Towns of Hudson, Nashua, Manchester and Hooksett have this arrangement. Vote on Article with AYES unanimous. Art. declared passed.

ARTICLE 24 — To see if the Town will vote to authorize the Selectmen to borrow from time to time, such sums of money in anticipation of taxes as may be needed to meet the necessary running expenses of the Town.

The vote: Short explanation of function of Selectmen, passed unanimously by voice vote. Article declared in the affirmative.

ARTICLE 25 — To see if the Town will authorize the Selectmen to apply for, receive and expend federal or state grants, which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money; provided: (1) such grants and other monies do not require the expenditure of other town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of town monies, all as provided by RSA 31:95-b.

The vote: Short explanation, passed unanimously by voice vote. Art. declared passed.

ARTICLE 26 — To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's Deed, purchase, prescription or gift.

The vote: Marcel Yergeau asked to insert "by public auction." Question was asked, "how is a large parcel of land disposed of?" Answer, by Public Auction with posting of such auction being held. Diana Sterling proposed amendment to article to insert after "Tax Collector's Deed" — "and to require the Selectmen to deed all land landlocked by Conservation Commission land to the Conservation Commission." Amendment vote, AYE, none, NO, loud. Amendment declared defeated. Article passed by voice vote, Aye, loud, NO, few.

ARTICLE 27 — To see if the Town will vote to authorize the Selectmen to quitclaim by deed to Black Brook Fish and Game Club Lots 43 and 44 as shown on Map 8 formerly owned and taxed to Black Brook Fish and Game Club and acquired by the Town of Goffstown by a tax deed for non payment of 1976, etc. taxes on condition that the said Black Brook Fish and Game Club pay the said Town of Goffstown all of the delinquent taxes, interest and penalties since 1976 in the amount of \$1,712.79.

The vote: Explained by Town Counsel Ray Cloutier recommending deeding back to the fish and game club. The article voted with unanimous voice vote AYE's, No's, none.

ARTICLE 28 — To see if the Town will vote to raise and appropriate the budget as submitted by the Budget Committee in the amount of Three Million, Two Hundred Twenty-Nine Thousand, Two Hundred Fourteen Dollars and no cents (\$3,229,214.00). (Recommended by the Budget Committee).

Note: This budget will be predicated by estimated revenues in the amount of \$1,501,112.00 and will relate an estimated amount to be raised by taxes of \$1,728,102.00. County Tax and School District Commitment not included.

The vote: Moderator declared the figure has to be increased by \$1500.00 due to Article #9 (which was increased from \$1500.00 to \$3,000.00) making the new amount \$3,230,714.00. Mr. Beck moved to amend figure to \$3,242,556.00 — amendment withdrawn upon discovery he was looking at wrong column of the budget figures. Mr. Baines asked Selectman Wheeler for projection of Tax Rate increase from what was voted at today's meeting — Mr. Wheeler stated he was unable to estimate or predict. Voice vote — Aye, Unanimous — No, none. Article declared passed.

ARTICLE 29 — To hear reports of Town Officers, Auditors and Committees and to pass any relating thereto.

Action: Comprehensive Planning Board report by Chr. Tupper Kinder giving the names of the members on the committee. He asked for all present to cooperate and take interest in the future plans of Goffstown.

ARTICLE 30 — To transact any other business that may legally come before said meeting.

Action: RE: Alternative energy — Selectman Wheeler asked for raise of hands for directive to give Selectmen opinion if the meeting wanted more study as set forth in Articles 21 and 22, referring to Wind and Solar power tax exemptions. The majority present responded by show of hands.

The Moderator declared the meeting adjourned at 5:15 P.M.

ARTICLE 2

Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a N.H. resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or if married a combined net income of less than \$12,000, and own net assets of \$30,000 or less, excluding the value of the person's residence. (By Ballot)

YES — 1003

NO — 405

ADOPTED

ARTICLE 3

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Change part of lot 37, map 3, located at corner of Daniel Plummer Road and Mast Road, from a classification of industrial zone to a classification of commercial zone. Lot consists of 5 acres. (By Official Ballot) (Approved by Planning Board)

Auditor's Opinion

Board of Selectmen
Town of Goffstown
Goffstown, New Hampshire

I have examined the financial statements for the funds and account groups of the Town of Goffstown for the year ended December 31, 1981 listed in the foregoing table of contents. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such other auditing procedures as I considered necessary in the circumstances.

Generally accepted accounting principles require the inclusion of all municipal funds in financial statements. The Grasmere Water Precinct records are unaudited and are thus not contained in these financial statements.

In my opinion, except for the effects described in the above paragraphs, the financial statements listed in the aforementioned table of contents present fairly the financial position of such funds and account groups of the Town of Goffstown at December 31, 1981 and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceeding years.

The accompanying supplemental schedules and related information are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in my examination of the financial statements mentioned above and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Patrick J. Kelly
Certified Public Accountant

NOTES: 1. Includes Money (income) from Mildred Stark Treasury Bond Account.
2. Amount transferred to Mildred Stark Town Hall Revenue Account.
3. Town received a 1/6 royalty interest through 2500 in a 124 acre tract in the San Francisco Cordova Survey, A-7 Rusic County, Texas, and received a bank draft in amount of \$25.00 covering Triple J Investments Inc. lease on the basis of \$100. per mineral acre for a 3 year paid up lease.

Trustees of the Trust Funds

During 1982, we were able to maximize the return from our Trust Funds because of favorable interest rates. However, we were unable to improve the value of the funds as we remained in a cash position during the year.

With fluctuating interest rates at the current time, our future yields are difficult to project. Our goal is to create a proper balance between income and capital gain so as to realize a good return while improving the value of our funds through sound investment.

It is only through such long range planning that we can off-set the annual impact of inflation and insure the present and future financial benefits to the Town. This is, in our opinion, the desire of the people who established these Trust Funds.

TRUSTEES OF THE TRUST FUNDS

TRUSTEES OF TRUST FUNDS — (l-r) George Ramos, Leonard Crotty, Fred Briggs.

Highway Department

The Highway Department had a very busy year in 1982.

New underdrainage was completed in the Pinardville area, and many other drainage and sewer problems were resolved.

Driveway permits, new subdivisions and road extensions were checked, and the contractors advised when necessary.

A great deal of work was done on Tirrell Hill Road and Wallace Road; culverts were extended and the roads widened and graveled, sometimes completely repaired. Due to the generosity and good will of abutters and property owners, problems were kept to a minimum. We wish to thank these people for their help and consideration and their support of our different projects throughout the year at a great savings to the Town.

Wallace Road was completely rebuilt from Normand Road to Shirley Hill Road. Tree cutting and stump work and culvert work have already been done in anticipation of completely rebuilding Wallace Road from Shirley Hill Road to the Bedford line in the spring of 1983.

Extra work will have to be done at the cemetery this spring due to the changing of some lot sizes in order to economize and save space.

Our hot-top program is continuing throughout the Town, and we have stockpiled our usual 5000 yards of winter sand.

Cutting of brush and trees has been heavy this year, and is progressing as money will allow, with the property abuttor having first option for the wood.

Also, we have repaired and repainted the entire garage.

I would like to take this opportunity to say a special thank you to all twenty-six employees under my jurisdiction for a job well done in helping keep our costs down, after a very tough and expensive late spring of 1982. We had to spend a great deal of money for the late storms, and had heavy expenditures due to breakdowns, leaving us with an absolute minimum for the last four months of the year. Without the cooperation of all hands, by using sand instead of salt, stock on hand, and a heck of a lot of ingenuity and fabrication of parts and pieces, we would have been in trouble.

Of course, I cannot forget the help of the office girls in keeping me up to date on our budget, to help me keep things in perspective. We are also grateful to the Selectmen for their help during the year.

And last, but certainly not least, to the citizen taxpayers and to the other Town departments, thank you sincerely for your patience and cooperation.

Joe Perry
Director of Public Works

Joe Perry
Supt. of Public Works

New Eductor Truck

and Driver Mike Yergeau

Fire Department

The Fire Department has seen a reduction in fire calls for 1982. Emergency medical calls have increased. The number of fire alarms has decreased by 107 alarms as compared to 1981. Medical emergencies have risen by 20 over last year. Building fires have been reduced by 6 calls, brush and grass by 22, false alarms by 26, service calls have dropped by 32, smoke investigation by 13, mutual aid by 2 and illegal burning by 1.

This decrease of fire alarms will save on the expense of operating the fire department by \$20,000 in labor and \$5,000 in supplies and vehicle operations.

This past year, the fire department increased our coverage of the Pinardville and village stations. In prior years, we covered these stations Monday through noon on Saturday. In April of this year, we started coverage from 7:30 AM to 5:00 PM Monday through Sunday. By providing this coverage, we are assured that 5 firefighters are available to respond to an emergency call. Most of our call personnel are working or out of town during these hours.

Last year at the town meeting, David Walker was elected to the Board of Fire Wardens. David has since moved from town and had to resign his position on the board. The Selectmen appointed Donald Mooney to fill this position on the board.

The Board of Fire Wardens are elected by the town at town meeting. This is a five-member board. Currently the members are: Peter Jenkins, Chairman, Gossett McRae, Donald Girard, Marcel Yergeau and Donald Mooney.

At the 1981 Town Meeting, the citizens voted to purchase a new fire truck and municipal alarm system. At this writing, the new pumper, aerial ladder truck has been delivered. We are currently training with this vehicle. This truck will operate from the Pinardville station and shall go into service in January. The alarm system includes a new transmitter in the village station, alarm cable from East Union Street to the traffic lights at Pinard Street and Mast Road, and a receiver to be installed at the communications center in the Town Hall. This receiver also includes a computer to store response information for the dispatcher. The cost of the new truck was \$198,800 and purchased from the American LaFrance Company. \$200,000 had been approved at town meeting. The alarm system was purchased from L. W. Bills Company for \$23,615 which was the appropriated amount.

The Fire Department is in need of call firefighters. There is especially a need for those who are available during the hours of 7:30 AM to 5:00 PM. Anyone interested in serving the community should feel free to contact me at the village fire station during the week by calling 497-3619.

The Emergency Medical Services continue to be financially maintained by the Goffstown Emergency Medical Services Association. The operating cost of \$4094.32 was reimbursed to the town by this organization. GEMSA receives contributions from people who have used the services of the Goffstown Fire Department for medical problems, people making outright contributions, and organizations and businesses donating to a vital service within our community.

The Fire Department wishes to thank the citizens, the Board of Selectmen, Budget Committee, other town departments, and the families of the firefighters and emergency medical technicians for their support through the year.

Chief Richard E. Fletcher

REPORT OF TOWN FOREST FIRE WARDENS AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N.H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.

Resisting Arrest	15	14	+7.14%
Criminal Liability	6	13	-54.00%
Forgery and Counterfeiting	4	4	----

PROGRAMS

Training programs initiated by the police department are absolutely vital in insuring that police personnel maintain an appropriate level of competence in job performance. This not only insures better service to the community, but protects our citizens and the police from questions of liability in an extremely complex legal system.

Goffstown has always maintained a high standard of professionalism as evidenced by its many ongoing training programs. All officers are required to qualify with police firearms and to participate in regular firearms training events. Similarly, each officer must, twice each year, pass a physical fitness exam and all are encouraged to participate in continuous fitness training.

These efforts are constantly re-inforced by schooling and education in specific areas of job knowledge which require further training. Specialist training in fingerprinting, photography, K-9, hazardous materials handling, evidence, baton techniques, and patrol administration, has been provided and up-dated for those interested officers. All personnel receive up-dated information concerning general knowledge and state-of-the-art technique.

Several regular programming efforts by the police department were enthusiastically continued in 1982. Officer Friendly is the mainstay of our department's programs directed towards our young people. Officer Friendly emphasizes crime prevention and safety to students in grades K-4 at an age where favorable impressions of the police officers can be formed.

On behalf of all the members of the Goffstown Police Department, we wish to express our gratitude for the continued support of our citizens in keeping Goffstown a safe and secure community.

Respectfully,
Robert J. Wike
Chief of Police

Building, Zoning and Health Official's Report

1982 was again a busy year for me, having handled approximately 1150 inspections and complaints.

The Roy-Madden, six story, 60-apartment buildings were completed. Six of these apartments are for the handicapped, and this project is a definite asset to the community.

Hyaire (Plastic Techniques) is completing a 12,000 sq. ft. addition to their new plant, which when completed, should add approximately 25 or 30 new jobs.

The Bedford Computer Corporation has been issued a permit to add a 10,000 sq. ft. addition also, which should employ another 30 or 40 people.

Eight new condominiums by Plummer Road Associates are nearly completed, and a permit has been issued to Country Squire for forty-two more in addition to the 102 already completed.

Also, Aubin Hardware has nearly completed a two-story addition to their store.

The land formerly owned by Kenneth Ward on Paige Hill Rd. was bought by Mrs. Nackey Loeb and a permit issued for a new home, a horse training and stable barn, and storage building. This project is also nearing completion.

I have once again been named Health Official and hope that I can do the job as it should be done. Only time will tell.

I also handle the Flood Insurance program and report to the Federal government annually.

My office hours are between 9 and 10 am and 1 and 2 pm Monday through Friday. The rest of the time I'm inspecting. If you cannot come in during my regular office hours, please call for an appointment.

At this time, I would like to thank all of the girls in the office for their cooperation, and Mrs. Beebe, who works part-time for me.

Francis Gaudreault

Rehabilitation Committee

The Goffstown Housing Rehabilitation Program will come to an end on January 31, 1983, after receiving a sixty day extension from the Department of Housing and Urban Development.

We have completed 54 units and one which could not be counted, but was allowed, at an average cost of \$4567.16 per unit. The program goal set by HUD was to rehabilitate 46 units at an average cost of \$5000 per unit.

The committee and staff are very pleased with the results, since we exceeded HUD requirements.

The program will be audited privately on or about February 15, with a HUD audit to take place shortly thereafter.

The Committee would like to take this opportunity to thank the staff for a job well done, and also to thank Mrs. Gage who kept the accounting straight and Jim Tethers of the Southern New Hampshire Planning Commission for his sound advice.

REHAB. COMMITTEE
Francis Gaudreault, Chmn.
Arthur Rose

HOUSING REHAB Committee members (l-r) Aime Gaudreault, Rehab Specialist; George Bridgeman, Program Coordinator; Francis Gaudreault, Committee chairman and Arthur Rose.

Fiscal Year Study Committee

We herewith submit our report resulting from our study of the proposals to change the Town of Goffstown's budget and accounting year from a calendar year to a fiscal year and the annual Town Meeting from March to May as you requested in compliance with Article 23 voted at the 1982 Town Meeting.

In brief, we recommend that the following action be taken in accordance with methods and procedures required by the respective State statutes. Detailed reasons supporting these recommendations along with financial projections are detailed in our report.

1. That the Town's budget and accounting period be changed from a calendar year to a fiscal year commencing July 1, to the following June 30; and in the year of change, adoption of an eighteen month budget and accounting period in two budget segments, the first from January to December 198A; and the second from January to June 198B.
2. That the Town's annual Town Meeting date be changed from the prescribed day in March to the prescribed day in May.
3. That if it deems necessary, the Town fund the additional six month transitional budget period in changing to a fiscal year, by borrowing as allowed by RSA 31:94d, such loan to be repaid over five years.

4. That the Town, in order to improve its cash flow and reduce the need for annual borrowing in anticipation of taxes, change from annual to semi-annual property tax collections; collection to be on July 1 at one-half of the prior year tax rate times the prior year assessment, and on December 1 for the actual amounts due less the amounts collected on July 1.
5. That in implementing the above changes, the Town first adopt semi-annual tax collections; then commencing not before the next January, adopt an 18-month budget and accounting period; and finally schedule Town Meeting in the second May of the 18-month period.

Our report also details the scope of our work and includes general comments from our interviews.

Respectfully submitted,
Irving Byron
Henry Foucher
Ruth Gage, Chairperson
Richard Lisk
Lloyd Sorenson

Parks & Recreation

1982 has been a year of growth and development for the Parks and Recreation Department. We have added new programs to our format of activities for the townspeople of Goffstown and we have also expanded our visibility on a state-wide basis, with the popularity of both the Goffstown Gallop and Coca-Cola Glen Lake Classic Road Races.

The people who have supported us and helped us by giving of their time and expertise, we thank very much.

The Parks & Recreation Commission which is made up of volunteers who have given their time and energies to help promote and make responsive the Parks & Recreation Department are greatly appreciated by me, and have given a tremendous amount of service to Goffstown.

Thanks are also in order to the school administration, principals, etc. for their cooperation in use of school facilities as well as to the Board of Selectmen, Goffstown Police, Highway, Fire and Water Departments for their cooperation.

Most of all, thank you people of Goffstown for your support and help in 1982.

Respectfully submitted,
David L. French, Director

Civil Defense

Several important addendums to the Town's Emergency Operations Plan were updated by local Civil Defense operatives, in conjunction with State Officials. Goffstown continued to participate in area evacuation planning with State and Federal planners.

Charged with the coordination of emergency and follow-up services in the event of a natural or man-made disaster, Goffstown's Civil Defense unit under the direction of Robert J. Wike, and Deputies Steve Monier, Brad O'Neil, and Ed Tuthill, fills a vital link in mobilizing local, State and Federal resources. Goffstown was one of the first communities in New Hampshire which completed a basic emergency plan to specify what agency may deliver the needed service under recognized lines of authority.

In addition, Civil Defense office insures that trained personnel are available from all of the emergency services to offer expertise in emergency medical services, hazardous materials handling, disaster planning and operations, and radiological defense. Several individuals underwent training in these areas in 1982.

Communications - a vital and necessary system during emergencies is continually updated each year. Additional hand-held multi-frequency radios, have been purchased through Civil Defense to augment the communications link between town departments.

Because Goffstown participates in the EMA program through the Federal Government, 50% of all personnel costs (i.e. time), and approved equipment is reimbursed to the community by the Federal Emergency Management Agency.

Respectfully submitted,
Stephen R. Monier
Deputy Director

Librarian's Report

The librarian, and co-workers Betsy Elliott, Helen Leahy and Chris McSweeney, with the support of the library trustees, worked in harmony the past year to make available to the community such goods and services as we could, given the limits of our space and budget.

Aside from the usual additions to our book collection and the normal amount of discarding of older materials, no major changes are apparent in the facility. The trustees made one major investment for the library in the interest of energy conservation, i.e. additional storm windows. The building is now protected on all sides from ground level to roof.

Following a complete inspection of the building by the Fire Department, the trustees have embarked on a series of projects which will bring the building into conformity with current standards.

Mrs. Elliott, our Children's Librarian, maintained a busy schedule last year, which included two weekly story hours; special displays during Book Week and on several other occasions; another Summer Reading Program for elementary age children; and an increased number of class visits from the nearby schools.

One noteworthy special event took place in the Summer, when the Garden Club donated and planted a tree on the south lawn in

memory of Mrs. Eva Shirley. We thank the Garden Club for this, and for their other expressions of interest in the library from time to time.

We also wish to acknowledge the continued support received from Mr. Lewis Stark and from the Shirley Club. Their gifts augment our regular book budget.

Early in 1982 the library suffered a rash of burglaries, resulting in some financial loss and causing some extra expense. We are glad to report that the persons responsible were caught and convicted, and that partial restitution was made. The building has been made more secure as a result.

As we begin a new year the trustees have planned a monthly film series for children and adults. If response is good this service can be continued at minimal cost to the community.

The trustees, the librarian and co-workers wish to thank all those in the community who support our efforts here and make our work seem worthwhile.

H. Donley Wray
Librarian

GOFFSTOWN LIBRARY TRUSTEES — (l-r) Seated, Arline Fletcher, Janet Bartels, Evelyn Connor — Standing, Tom Burke, Josephine Weilbrenner, Kathy Hudson, Chmn., and H. Donley Wray, Librarian.

Planning Board

This past year saw the continuation of the regular duties of the Planning Board, which includes the review and approval or rejection of proposed sub-divisions, review of site plans for eventual preparation of sub-division proposals, and action on applications for gravel removal permits. All of these and other business of the Planning Board were discussed in public hearings held every other Thursday evening at the Town Hall.

In January, the Board accepted the Comprehensive Plan for the Town of Goffstown subject to preparation of a cover letter of acceptance. The latter was prepared and approved in February and in it well-deserved thanks were offered to the members of the Comprehensive Planning Advisory Board who had worked so diligently for two years in the preparation of this document. It stated, in part, that "The Comprehensive Plan is a valuable document which will assist the Planning Board and all other Town Boards in their decision-making process..."

In June, a sub-committee was appointed to prepare proposals for zoning changes to be presented at the public hearings to be held in December and January. The sub-committee included Paul Bedard, chairman, Larry Emerton, Ed Moquin and Marcel Martin. Their proposals were subsequently discussed and presented at the above hearings.

In addition, the Board accepted the report of the Capital Improvement Committee and passed their recommendations along to the School Board, the Board of Selectmen and the Water Precinct.

Preliminary plans were made for preparation this year of revised Site Plan review regulations and a zoning map.

The Board added a new member, Larry Emerton, and named two alternates, Arthur Rose and Marcel Martin. In addition, we were assisted by the expert advice of Doris Ducharme, our secretary, and that of Corky Gaudreault, Building Inspector and John Sarette, Selectman.

Respectfully submitted,
Thomas F. Lee, Chairman

Southern New Hampshire Planning Commission

The Southern New Hampshire Planning Commission is an association of municipalities voluntarily organized and operating under the provisions of New Hampshire Revised Statutes Annotated, Chapter 36:45-53. The Commission's statutory responsibility is to prepare a coordinated development plan for the region and to encourage its cooperative realization through the advisory process.

Directed by representatives of the City of Manchester and the Towns of Auburn, Bedford, Candia, Chester, Deerfield, Goffstown, Hooksett, Londonderry, New Boston, Raymond and Weare, the Commission's professional staff carries out the development of the technical elements of the plan.

The Commission's program is organized under regional, metropolitan transportation, and local technical assistance functions. Within these broad categories, individual tasks often vary on an annual basis according to the needs of the region and those of the Commission's participating communities.

In addition to reviewing detailed technical studies with appropriate area officials and agencies, staff reports on summaries of these and other timely planning items are covered in the Commission's quarterly newsletter "Project" which is widely distributed to approximately five hundred municipal officials and interested residents of the region.

Although several regional planning tasks were accomplished during the year, one stands out as a major achievement which can be directly attributed to the Commission's vigilance and its ability to act quickly and effectively on behalf of its member communities.

Due largely to the efforts of Chairman Ray F. Langer (Hooksett), Vice Chairman Donald M. Babin (Londonderry) and Commissioners Robert L. Wheeler (Goffstown) and John L. Sherburne (Deerfield), and the participation of the region's boards of selectmen, the State's Solid Waste Management Act was successfully amended by the Special Session of the General Court in May, 1982. On July 22, the Tricounty Solid Waste Management District was formally organized and the District by-laws were adopted by the ten participating towns in November. During 1983, the District will undertake the planning process which will ensure local compliance with the requirements of the new Act.

In connection with the annual update of the Metropolitan Manchester Transportation Planning Study, which serves as the basis for the approval of federal funding to support eligible highway, bridge and transit service improvements in the City of Manchester and the Towns of Auburn, Bedford, Goffstown, Hooksett, and Londonderry, the following studies have been completed since our last report to you:

- "Vehicle Travel Time, Metropolitan Manchester Planning Study Area" (November, 1981);
- "Land Use Update, Metropolitan Manchester Planning Study Area" (March, 1982);
- "MTA Contingency Plan For A Petroleum Shortage" (April, 1982);
- "Analysis of 1980 Traffic Accidents, Metropolitan Manchester Planning Study Area" (June, 1982);
- "Short-Term Parking Study, Fiscal Year 1982, Central Business District, Manchester, N.H." (June, 1982);
- "Formulation of Transportation Control Measures for Carbon Monoxide Attainment in Manchester, N.H." (June, 1982), and

- "Transportation Improvement Program for Fiscal Year 1983" (September, 1982).

Local assistance services provided during the year included:

- Advised the Planning Board of statutory requirements for the posting of notices and conduct of hearings on zoning ordinance and building code proposed amendments;
- Provided the Building Inspector with a clarification of National Flood Insurance Program requirements concerning the repair of fire damaged dwellings located in special flood hazard areas;
- Assisted the Board of Selectmen with the preparation of a fiscal year 1982 U.S. Department of Housing and Urban Development, Community Development Block Grant program application for \$500,000 to finance an economic development project;
- Met with the Recreation Director to supply background information on the acquisition and proposed use of the Glen Lake Recreation Area;
- Advised the Board of Selectmen of the availability of Outdoor Recreation and Conservation Project funding — of possible interest to the Conservation and Parks and Recreation Commissions;
- Provided the members of the Planning Board, Zoning Board of Adjustment, Board of Selectmen and the Building Inspector with schedules of the Fall, 1982 Municipal Law Lecture Series;
- Met with the Board of Selectmen to discuss the effects of 1980 census information relative to defining the "urbanized area", and to solicit their input regarding possible extension of the urban area boundary. Concerns the eligibility of certain local roads to qualify for federally-assisted improvements;
- Advised the Board of Selectmen of the provisions of the State's new Solid Waste Management Act, and offered them an opportunity whereby the Town could achieve local compliance.

Goffstown's representatives on the Commission are:

Board of Commissioners: Mr. Arthur W. Rose, Treasurer
Mr. Milton Meyers
Mr. Robert L. Wheeler

Executive Committee: Mr. Arthur W. Rose

Metropolitan Manchester Transportation Planning Policy Committee: Mr. Elmer Nickerson

Visiting Nurse Association

The Visiting Nurse Association-Home Health Agency of Greater Manchester Inc. is a part of the vital community that provides assistance in our health and human service system. It is a voluntary, nonprofit home health agency dedicated to the promotion of health, prevention of disease and care of the sick in 5 towns; Auburn, Bedford, Candia, Goffstown, Hooksett and the City of Manchester.

During this past year, Ms. Grace Gage, Ms. Alice Knight and Ms. Emmy Lou Stark, residents of Goffstown, served on the Board of Directors.

The Agency is supported by various funding sources. Services are provided within the resources of the Agency. Attempts are made to provide necessary services without regard to ability to pay. The Town appropriation is vital to the continuation of services to the residents of Goffstown. Fees are discussed on the initial visit and a sliding scale is used when full fee is not possible.

Our home health care program continues to be the largest program of the agency. This program allows the patients to receive high quality professional care in the privacy and comfort of their homes, which contributes significantly to the patient's rate of recovery.

For many patients, this part-time approach to health care delivery has become increasingly recognized as a more effective, less costly alternative to conventional round the clock hospitalization or nursing home care.

Preventive health services of the agency, designed to promote and maintain a level of "wellness" assist the community and its members to function at full potential. During this past year the Agency provided Immunization Clinics; adult health screening programs, including Blood Pressure Screenings; foot care clinics; and occupational health services to industries. Walk in blood pressure screening and health counseling/teaching is provided Monday - Friday from 1 - 4 p.m. at the office, 194 Concord St., Manchester.

The Agency's Maternal and Child Health Services Program experienced some reduction in services during this past year. The Agency's resources have been used primarily for the high risk families, including pregnant adolescent and teenage mothers.

During the past year in Goffstown, the Agency served 142 in the home care program and made 1,380 nursing visits, 1,353 (1,640 hrs.) Homemaker/Home health aide visits, and 369 rehabilitation therapy and other visits. 20.5 hours of clinics were also held in Goffstown.

The total value of services rendered to Goffstown residents during 1982 was \$84,213. The value of services rendered without direct payment from third party insurer and patients' fees was \$21,787. These services were covered by town appropriations of \$5,832, agency acquired grants, United Way, donations and other solicitations.

SARAH HUBBARD
Executive Director

Board of Adjustment

Scheduled meetings held on the first Wednesday of each month at 7:30 pm at the Town Hall. Special meetings are held as required and as published in the Goffstown News.

The year 1982 was a rather slow one as far as variances and special exceptions were concerned. The recession and the high cost of money has caused a slowdown in the building industry, and thus a slowdown in the number of hearings.

There have been a few cases in which the Board has tried to act in the best interest of the Town, and as a consequence, the Town is now engaged in legal action. We hope that these will be settled to the Town's benefit.

We would like you to be aware of the procedure for bringing a petition to the Board. The petition must include a plot plan and a drawing of the proposed structure. Without these, the Board will not be able to act and the petition will be delayed.

Town residents are urged to attend our meetings and to voice opinions on the petitions before us.

Further information may be obtained from the Building Official's office, or by calling any Board member.

Respectfully submitted,
Theodore Rohr, Chairman

BOARD OF ADJUSTMENT members are (l-r) Theodore Rohr, chairman; Richard Barnard; Marianne Sydak, Secretary; Libert Sousa; Charlotte Davenport; Richard Kincaid. Absent from photo, Helen Miller.

Conservation Commission

Once again the members of the Conservation Commission have had to devote much time to the pending litigation concerning timber trespass on the mountain. However, such efforts are worth the time when one realizes that the Uncanoonuc Mountains are one of Goffstown's greatest natural assets.

Recreational use of the mountain has been discussed with the Selectmen and the Commission is presently working on a plan to develop a trail system for hiking and cross-country skiing. As the proposed trails offer some excellent views of Goffstown, we hope to be able to combine both the natural aspects of the trail with some of the historical sites which can be seen from the mountain.

Once again, we would like to remind citizens that we are always willing to advise and assist any landowner who wishes to preserve private open space through donation of land to the Conservation Commission; granting of conservation easements, or other techniques of open space preservation.

Diana Sterling, Chairman
Karen McRae
Rodney Stark
David MacEachran
Pat Tucker
Peter Martel
Richard Soule

Historic District

The Goffstown Historic District Commission was organized in April, 1982, following the March Town Meeting. Members include Dan McNerney, chairman; Dee Little, vice-chairman; Terri August, Douglas Gove, Fred Jennings, Janet Poore and Selectman Bruce Bynum.

Our first job was to organize a community inventory survey of the area, as per the specifications of a federal grant which had been applied for by Goffstown through the Historic Preservation Office, N.H. Dept. of Resources and Economic Development. This grant of \$2500 was received by the town in 1981 and although the original deadline for its completion was March 1, 1982, the deadline was extended to Sept. 30, 1982.

The original grant request called for a three-year, three-phase survey project: first, village and outlying area; second, Grasmere; and third, Pinardville area.

The first phase was to obtain information about approximately 500 structures over 50 years old in the village-outlying area and the Commission determined that this area would be all of Goffstown west of the high electrical wires on a map of the town.

A survey form was designed, using information provided by the State Historic Preservation office and other nearby areas such as Candia. We also consulted with Bedford, NH and Kennebunk, Maine both of which have historic districts and active Historic District Commissions.

We divided the area into 24 sections and obtained team captains for each area, who would work with volunteer assistants to complete the survey forms. Three training sessions were held, attended by about 15 volunteers each, in May and August.

By the September 30 deadline we had 154 survey forms turned in by 23 volunteers, but many more were still to be completed because of the summer holidays. The original grant allowed us \$2500 in federal funds on a 50-50 matching basis. On Sept. 30 we submitted a report listing a total of \$2082 in donated time and supplies, including \$2002 in time and \$80 in film and printing. Linda Wilson of the Historic Preservation Office was most helpful in assisting us with this report and documentation.

On Oct. 19, we received word that \$1030 of the federal grant funds had been approved for the Town of Goffstown and the check was received by the town in late November. This was placed into the general funds. The Selectmen and the Budget Committee have included \$1000 for the Historic District Commission in the town's 1983 budget so we can continue our work.

After the remaining survey forms are completed this winter, black and white photographs will be taken of each structure. The commission then can examine the historic fabric of the area to see where the 50-year old buildings are located and how many there are. They can recommend any possible historic districts for the March, 1984 town warrant. We felt that we could not make any such recommendations until the survey is completed of the entire area.

The deadline for applying for a 1983 grant for the second phase of the project, Grasmere, was September, 1982 so the Commission applied for \$1000 in federal funds. These funds would be used to continue the survey in Grasmere and also do a detailed historic structure report on the Grasmere Grange building, which was constructed in 1889 and is possibly endangered. If we receive this grant, we would be able to begin the Grasmere project in May.

The Goffstown Historic District Commission feels that the historic survey has enabled quite a lot of town residents to be more interested in history and has also sparked interest in historic preservation and in Goffstown's past. We are also obtaining important historical information which can be used in an updated history of the town of Goffstown in cooperation with the Goffstown Historical Association.

Daniel McNerney, Chairman
Dee Little, Vice-Chairman
Terri August
Douglas Gove
Fred Jennings
Janet Poore
Selectman Bruce Bynum

HISTORIC DISTRICT COMMISSION — (l-r) E. Bruce Bynum, Selectman; Terri August, Fred Jennings, Janet Poore, Dan McNerney, Chmn.; Dee Little, Douglas Gove.

Board of Water Commissioners

The year 1982 will be remembered as a year of progress. The firm of Whitman & Howard completed their in-depth study of the existing system and recommended work that should be completed in the future, some of which will be performed during the year 1983. They also recommended that the Precinct continue to Polly Pig the water mains.

The goal of the Board of Water Commissioners is to provide safe drinking water and to continue to improve the system. The Engineering report contains many suggestions that will allow the Board to achieve these goals.

Water usage for the year 1982 totalled 56,862,225 gallons. There were seven breaks, eight freeze ups and forty-four meters replaced.

A. Kenneth Hambleton was an active member of the Board for many years. At the time of his death he was an Honorary member. His dedication to the Goffstown Village Precinct has been and will be missed in the future.

Respectfully submitted,
James P. Ackerman, Chairman

WATER MAIN CLEANING

In August of 1982 the Water Department with the help of Veino Excavating and the crew at Medford Farms cleaned 3,000 ft. of water main in Parker Station.

We would like to apologize for the problems with rust and thank the people that were directly affected. They were very patient with us.

The results of this cleaning were very good. We brought a 6" water main which became a 3" back to a 6" main again. Also, a fire hydrant which was getting 250 gals. a minute is now getting 500 gals. per minute.

I would like to thank the Goffstown Highway Department and Fire and Police Departments for their help.

I would also like to thank Brad Veino for all his help in the last 10 years. Now that Brad has moved away I would like to welcome Roger Bernard of Medford Farms who will be helping us out.

We will be continuing our efforts to overcome the rust problems in the affected areas.

We hope to continue cleaning the mains as this is much less expensive than replacement.

Keith Moore, Supt.
Goffstown Village Precinct

Goffstown Village Water Precinct

RECORD OF THE ANNUAL GOFFSTOWN VILLAGE PRECINCT MEETING

March 15, 1982

The Annual Meeting of the Goffstown Village Precinct was held at the Goffstown Upper Elementary School on March 15, 1982.

The meeting was called to order at 7:36 P.M.

It was moved and seconded and so voted to dispense with the reading of the warrant and take up each article in order.

ARTICLE I

Lawrence Emerton was nominated for Moderator and Lois Stevens for Clerk. It was moved and seconded and so voted for the Chairman, James Ackerman, to cast one ballot for their election. This was done and they were declared elected.

ARTICLE II

Henry Burnham was nominated and elected to serve five (5) years as a Water Commissioner.

ARTICLE III

Moved and seconded and so voted to accept the report of the budget committee and to appropriate the sum of Sixty-eight Thousand One Hundred and Ninety-five Dollars (\$68,195.00) for the ensuing year.

ARTICLE IV

It was moved and seconded and so voted to allow the Board of Water Commissioners the right to borrow money in excess of One Thousand Dollars (\$1,000.00) due to any emergency that may arise.

ARTICLE V

Under this article, James Ackerman, Chairman of the Board of Water Commissioners mentioned that the Auditor's reports (Patrick Kelly CPA) were available in lieu of the Treasurer's report.

Mr. Ackerman stated that Whitman & Howard, Inc. of Concord had been hired to do an indepth study of our Water System. He went over the specific services they were to perform for the Precinct.

ARTICLE VI

Under this article John Scott of Whitman & Howard gave a report of the progress to date on this survey and stated they were about half way through.

Mr. Rad Beebe had a question regarding the type of wells we had on North Mast St. Mr. Ackerman answered, stating that there were two 40 ft. gravel packed wells.

Peter Jenkins asked about the completion date on the Whitman & Howard project and Mr. Scott stated they were planning on a May, 1982 completion date.

Mr. Jenkins also asked about the State requirement of possible covering of the reservoir. Mr. Scott stated this is not necessary in our case.

Mr. Richard Fletcher questioned Mr. Scott regarding where they obtain flow rate standards. Mr. Scott stated that these were set by the State.

There being no further business to come before the meeting it was moved and seconded and so voted to adjourn the meeting at 8:01 P.M.

Grasmere Village Water Precinct

The Grasmere Village Water Precinct had a very good year in 1982. There was only one water break, and that was on a private main. We had a few freeze-ups, which were caused by the new mains being on the other side of the highway, and we did not realize that they would happen. These will be watched more closely in the future.

Your commissioners have been working with the Manchester Water Works in trying to get new lower water rates for the Village, but as yet this has not been accomplished. Possibly it will be by the end of 1983.

Respectfully submitted,
Grasmere Village Water
Commissioners
Theodore J. Rohr, Chmn.
James Dupuis
Robert W. Wheeler
Diane Rand, Clerk
Mildred Wheeler, Treasurer

School District

RECORD OF THE ANNUAL MEETING OF THE GOFFSTOWN SCHOOL DISTRICT

8:00 PM
March 11, 1982

The regular meeting of the Goffstown School District was held at the Goffstown Area High School gymnasium. The meeting was called to order at 8:00 pm by Moderator Larry Emerton.

Elmer Nickerson, long time resident of Goffstown, led the Pledge of Allegiance to the Flag.

Moderator Emerton introduced members of the Goffstown School Board, members of School Administrative Unit #19, and members of the Goffstown Budget Committee.

Elmer Nickerson moved to dispense with reading of the school warrant. The motion was seconded. The motion carried by voice vote.

ARTICLE 1

To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers and agents of the District.

A motion was made by Patricia Guptill and it was seconded, to accept Article 1 as read. Motion carried by voice vote.

ARTICLE 2

To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

A motion was made by Helen Skoglund and it was seconded, to accept Article 2 as read. Motion carried by a voice vote.

ARTICLE 3

To see if the District will vote to authorize the School Board to make application for and to accept on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the state of New Hampshire and/or the United States and to appropriate any funds received from the U.S. Government to the payment of obligations of the District for which said government funds constitute full reimbursement, or take any other action in relation thereto in accordance with RSA 198:20-B.

A motion was made by Frank Hudson and it was seconded, to accept Article 3 as read. Motion carried by a voice vote.

ARTICLE 4

To see if the District will vote to authorize the Goffstown School Board to execute a Quitclaim Deed transferring to the Town of Goffstown any and all of its right, title and interest in a section of Park Lane, so-called, in said Town of Goffstown, which section is approximately 30 feet in width and 110 feet in length, more or less, which right title and interest was acquired by the Goffstown School District by deed of Roland A. and Dorothy N. Barnard dated June 14, 1965 and recorded in the Hillsborough County Registry of Deeds August 6, 1965 in Volume 1841, Page 141.

A motion was made by John Brown, and seconded, to accept Article 4 as read. Motion carried by a voice vote.

ARTICLE 5

To see if the District will raise and appropriate the sum of Sixty Eight Thousand, Seven Hundred Dollars (\$68,700) for roof repairs at the Upper Elementary School and Goffstown Area High School or take any other action in relation thereof. (Recommended by the Budget Committee.)

A motion was made by Donna Kelly, and seconded, to accept Article 5 as read. After considerable discussion of this article, motion was made and seconded to stop discussion. Article 5 passed by a voice vote.

ARTICLE 6

To see if the District will vote to rescind the School District's authority to issue the remaining Fifteen Thousand Five Hundred Dollars (\$15,500) balance of the original authorization of Ninety Thousand Dollars (\$90,000) in long term notes for the Maple Avenue School roof.

A motion was made by Dallas Mahoney and it was seconded, to accept Article 6 as read. Motion carried by voice vote.

ARTICLE 7

To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials, and agents and for the payment of statutory obligations of the District.

A motion was made by John Brown that the District raise and appropriate Four Million Eight Hundred Fifty Six Thousand Four Hundred Ninety Four Dollars (\$4,856,494.00). Bob Wheeler amended John Brown's motion to read Four Million Eight Hundred Twenty Six Thousand One Hundred Fourteen Dollars (\$4,826,114.00), after considerable discussion. Motion was made and seconded to have a standing vote on the amendment. It was defeated by a vote of 88 to 67. Original Article 7 then passed by a voice vote.

ARTICLE 8

To transact any other business that may legally come before this meeting.

Motion was made and seconded to accept Article 8 as read. Motion carried by voice vote.

Motion was made and seconded to adjourn.
Meeting adjourned at 9:30 p.m.

Respectfully submitted,
Gordon B. McDonald, Clerk

GOFFSTOWN SCHOOL DISTRICT WARRANT

1983

The State of New Hampshire

To the Inhabitants of the School District in the town of Goffstown in the county of Hillsboro, state of New Hampshire, qualified to vote upon District affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE GOFFSTOWN AREA HIGH SCHOOL IN SAID DISTRICT ON THURSDAY, THE TENTH DAY OF MARCH, 1983, AT EIGHT O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers and agents of the District.
2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.
3. To see if the District will vote to authorize the School Board to make application for and to accept on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the state of New Hampshire and/or the United States, and to appropriate any funds received from the U.S. Government to the payment of obligations of the District for which said government funds constitute full reimbursement, or take any other action in relation thereto, in accordance with RSA 198:20-B.
4. To see if the District will raise and appropriate the sum of Ninety One Thousand, Six Hundred Dollars (\$91,600) for roof repairs at Upper Elementary School and Goffstown Area High School or take any other action in relation thereto. (Rec. by Budget Comm.)
5. To see if the School District will raise and appropriate the sum of Twenty Three Thousand, Seven Hundred Dollars (\$23,700) for the implementation of Life Safety Code items as directed by the State of New Hampshire Fire Marshall or take any other action in relation thereto. (Rec. by Budget Comm.)
6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials, and agents, and for the payment of statutory obligations of the District.
7. To transact any other business that may legally come before this meeting.

TRANSMITTAL AND COMMENTARY LETTER

September 1, 1982

Member of the School Board
Goffstown School District

We have examined the combined financial statements of the funds and account group as indexed, of the Goffstown School District as of and for the fiscal year ended June 30, 1982. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As is the general practice with many New Hampshire municipalities, the Goffstown School District has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

In our opinion, except that the omission of the financial statements described above results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements referred to above present fairly the financial position of the Goffstown School District as at June 30, 1982 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The supporting schedules listed in the index are presented for the purposes of additional analysis and are not a required part of the purposes of additional statements of the Goffstown School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Respectfully submitted,

Jon R. Lang
Certified Public Accountant

Public Schools' Reports

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL BOARD AND CITIZENS OF GOFFSTOWN

I herewith submit my 1982 report concerning the Goffstown public schools.

A very important part of any long-range administrative plan and a key to instructional effectiveness in any school is the provision for the in-service professional growth of teachers and principals. During the past year, S.A.U. #19 identified two key areas in which additional staff training would be beneficial: Classroom management and improving the achievement level of all students. Teacher and Administrator training programs in both areas were made possible by Chapter 2 Block Grant federal funds.

ASSERTIVE DISCIPLINE. In an effort to improve the classroom management skills of Goffstown teachers, a day-long training session in Assertive Discipline was presented by the S.A.U. #19 Staff Development Committee this Fall. Assertive Discipline first establishes three "rights" which teachers must claim if they are to receive respect from students:

1. The right to establish a classroom structure and routine which provides an optimum learning environment in light of the teacher's strengths and weaknesses.
2. The right to determine and request appropriate behavior from the students in order to encourage the positive social and educational development of the child.
3. The right to ask for help from parents and the principal when a teacher needs assistance with a child.

The child, on the other hand, has the right to:

1. Have a teacher who can help him/her limit inappropriate behavior.
2. Have a teacher who will provide him/her with positive support for appropriate behavior.
3. Choose how to behave and know the consequences to follow.

In essence, Assertive Discipline provides teachers with a competency-based, systematic approach and set of procedures by which he/she can clearly set down and enforce rules for classroom behavior so that precious learning time is not interrupted and lost. The system provides students with a fair and consistent approach to discipline which defines teacher expectations and consequences before problems arise and, most important, provides positive reinforcement for appropriate behavior.

Obviously many teachers already handle discipline with an Assertive Discipline approach. For them the training served to reinforce what they are doing and provide them with an organized system. For others who experience difficulty with classroom behavior, the system provides practical, clear answers to daily behavior management problems. In addition the entire school becomes a more orderly place in which to teach and learn because rules are applied and enforced in a much more consistent manner.

The Goffstown faculty has prepared a school-wide discipline plan which is presently in effect. Each teacher also has a classroom behavior plan so that students know expectations and consequences in each of their classes.

MASTERY LEARNING. As a next step in the S.A.U. #19 accountability process and in an effort to develop a learning environment in which all children can achieve at a high level, S.A.U. #19 has begun a training program for principals and teachers in Mastery Learning.

We define Mastery Learning as an instructional process which asserts that under appropriate conditions virtually all students can and will learn most of what they are taught. The process requires that the classroom teacher:

- (1) determine skill levels of individual students
- (2) clearly define appropriate learning objectives
- (3) share these objectives with the students
- (4) teach to these objectives
- (5) provide students with sufficient time to learn
- (6) construct tests which measure mastery of objectives
- (7) provide students who do not achieve mastery the first time with alternative instructional materials and methods
- (8) provide students who do achieve mastery the first time with challenging enrichment.

Because S.A.U. #19 believes that Mastery Learning will increase our accountability to help more students learn and improve the quality of education, we have implemented the following training program this year as a Block Grant project:

Step 1: Principals from S.A.U. #19 schools participated in a four month intensive inservice program aimed at instructing them both in the theory of mastery learning and the role of the principal as an instructional leader.

Step 2: Selected teachers from each school will participate in a 40 hour training program enabling them to understand mastery learning; develop units for use in their own classrooms; become role models for other teachers; and work closely with the principal in designing, implementing and assessing mastery learning in their building.

Step 3: These initial steps will be evaluated both in terms of student achievement/attitude, and reactions of principals and teachers.

The Mastery Learning model is based upon educational research which has clearly shown that the critical element in student achievement is learner time-on-task. Assertive Discipline will assist teachers in providing an orderly learning environment and in maximizing learning time. Mastery Learning is an instructional delivery system which will help teachers to make much more efficient use of learning time to increase learner achievement. Higher learner achievement is our main purpose as educators.

I wish to express my appreciation for the assistance and cooperation provided me by the administrators, teachers, School Board, and citizens of Goffstown. Without this assistance and cooperation, many of the things accomplished would have been left undone, and I look forward to another prosperous year — a year of continued cooperation.

Respectfully submitted,

Antonio G. Paradis
Superintendent of Schools
NH School Administrative Unit #19
Bow, Dunbarton, Goffstown,
New Boston, Weare

Public Schools' Reports

MAPLE AVENUE SCHOOL

Leon Cote, Principal

Maple Avenue School has an enrollment of approximately 350 students in grades 1-4. The four teachers per grade level gives us an average of 22 students per classroom. Each classroom is self-contained; whereby, teachers are responsible for all segments of their students' education at the grade level taught.

The fourth grade is taught by Mrs. Jane Mahoney, Mr. Jeff Stevens, Mrs. Clara Hammond and Mrs. Beverly Steenbergen. Third grade is taught by Mrs. Deborah Prive, Mrs. Louise Draper, Mrs. Carol Thibaudeau and Mrs. Denise Morris. The second grade is taught by Mrs. Jean Walker, Mrs. Julie Carroll, Mrs. Margaret Battey and Mrs. Rebecca Audley. First grade teachers are Mrs. Gail Barker, Mrs. Diane Carlisle (head teacher), Mrs. June Ekdahl and Mrs. Irene Willey. Our program in remedial reading continues to be taught by Miss Ruth Powers, whose years of dedication and service make the program most successful. Mrs. Mary Knittel is in charge of our resource room aided by Miss Cheryl Lapointe. Her responsibilities vary with the needs of both the students and the teachers. Our Title I Aide is Mrs. Kathleen Lisk. She works with small groups and is involved with the improvement of mathematics. This program is most successful.

Within our curriculum, we have a program called the Writing Program, which is being carried on in one of the classrooms in each grade level 1, 2 and 3. The Writing Program is a complete language arts program which allows each child to develop at his own pace. The process involves pre-writing activity, writing, conferencing, re-writing, editing, evaluating and publishing. The child is responsible for his learning. The teacher is responsible for providing an atmosphere where children can learn to communicate through writing and to enjoy writing.

Mrs. Phyllis Duclos, school nurse for grades 1-6, has been on a leave of absence due to illness. Mrs. Janet MacKay has assumed her duties during her absence.

Our cafeteria staff, headed by Mrs. Patricia Bonjorno and assisted by Mrs. Gladys Hunter and Mrs. Evelyn Rose, continues to serve excellent meals at a reasonable cost to the students and faculty of Maple Avenue School.

There are many changes physically that have taken place at Maple Avenue School and I encourage the citizens of Goffstown to come and visit whenever you choose to do so. We now have a cafeteria/activity room approximately 38' x 72'. This room proves to enhance student programs and assists in physical education. This area, which has been previously partitioned off and used for classrooms, has now been dismantled and opened to its original size.

The incandescent lights in the hallways have been replaced with fluorescent lights lowering our electricity consumption and increasing the lighting.

The stairwells have been enclosed in order to increase our fire protection and to increase the heating efficiency. In order to comply with the fire code, door closures continue to be installed within the school.

The many changes made have been brought about economically through the knowledge and capability of our head custodian, John MacDougall. The entire school benefits from his many talents and high interest in maintaining the building.

The school office continues to be manned by Mrs. Diane Clapp, whose knowledge of and interest in numerous school functions, make for a smooth running school.

All of us at Maple Avenue School are proud of our school and invite the citizens of Goffstown to come and visit. We also would like to thank the citizens for their continued support.

BARTLETT ELEMENTARY SCHOOL

Leon Cote, Principal

Bartlett School continues to be an active educational center for grades one through four. With student enrollment decreasing in the past few years, Bartlett School has continued to adjust by changing its educational program to expend tax dollars prudently and not decrease the high quality of education to its students.

Bartlett School has expanded its program for the handicapped. Sr. Mary Elizabeth Leonard, with her aide, Mrs. Annette Boucher, have a classroom for pre-school and early childhood education, and Mrs. Denise Forest with her aide, Miss Lisa Caron, have a Primary II unit from which, whenever possible, students are mainstreamed into a regular classroom. These special education programs are also supplemented by supportive services which include Cindy Hendricks, Occupational Therapist; Dina Berger and Jean Peskavich, Speech Therapists; Adaptive Physical Education with Elizabeth Perkins, under the supervision of Diana Goldstein, Physical Therapist; by the State Department for the Visually Impaired with Miss Jean Shipke, mobility; and Miss Noreen O'Donnell, itinerant teacher.

Our Resource Room is located in the proximity of special education and serves two-fold. Miss Joanne Wiggin is responsible for the Resource Room whereby children in smaller numbers who have difficulty within the regular program receive additional attention in order to help students function at grade level. Miss Marcia Conley is the Title I teacher. Title I is a federal program to assist students having difficulties. We presently have nine classroom teachers: Grade Four, Mrs. Mary Marden, Miss Priscilla Letendre and Mr. Roland Biron; Grade Three, Miss Linda Dugas and Mrs. Leila Lavigne; Grade Two, Mrs. Jane Hayes and Mrs. Lee Duncan; Grade One, Mrs. Arlene Tetrault and Miss Patricia Albanese. The classrooms are self-contained and each teacher is responsible for the academic growth of students under her charge in all subject areas. The regular educational program is enhanced by special teachers whose programs are an integral part of the Goffstown School District in grades 1-6; Miss Kathleen Drake, Music; Mrs. Elizabeth Perkins, Physical Education; Mrs. Cheryl Terban, Guidance; and Mrs. Shelley Lefebvre, Speech. Mrs. Jeannine Laroche, R.N., is our school nurse. Her continued enthusiasm, interest and capabilities is an asset to the entire school. Paul Coleman, our custodian who was trained and transferred from the High School strives continuously to maintain a high degree of cleanliness throughout the school building. Bartlett School continues to participate in the federal hot lunch program and Mrs. Cecile Lampron assisted by Mrs. Ann Williams offer balanced meals to those students who choose to participate. Our front office continues to be maintained by Mrs. Ruth Myers. Her dedication to the educational process and her capabilities as a secretary greatly assist in the operation of a harmonious school.

We are all thankful to the citizens of Goffstown for the continued support of education and invite one and all to visit our school whenever they choose to do so.

Public Schools' Reports

UPPER ELEMENTARY SCHOOL

William H. Brendle, Principal

Me Me Program — The Goffstown School Board has approved the Me Me Pilot Program. The Me Me Program was a recommendation of the Goffstown Area Health Committee.

Me Me Is a Drug Prevention Education Program for elementary level children. It has received national validation having gone through a period of extensive evaluation.

This program works to restrict the incidence of drugs by focusing on the reasons why people abuse drugs, rather than on drugs being used. The program is set up to help students improve their self-concept and learn the skills necessary to make decisions. Thirteen teachers from the elementary schools and two principals will be involved in the Me Me Training Program which will take place January 12, 1983. This will involve teachers and principals receiving guides to work with the specific grades and being trained in a six hour session.

The teachers trained will use this program a minimum of one hour per week for thirty weeks. Monthly logs of activities are completed and sent to the program developer. Students will be administered a pre and post test to determine the effectiveness of the program.

Gifted Education — Under a block grant we have initiated a pilot program to make educational provisions for gifted students within the classroom.

Selected teachers from all schools attended sessions which were presented by Wilma Sherman, who is our Education Consultant working in the area of Gifted Education.

In these sessions we developed an instrument which will be used for the purpose of identifying students who are gifted. When we have determined the students we classify as gifted, programs will be planned within the framework of the classroom to provide enrichment activities for these students. These programs could be for students on an individual basis or for a group of students who have similar areas of giftedness. We hope this program to be an initial step in the direction of having programs available for the students who display talents and abilities above average students.

At present, in the schools we provide quite well for those students with average and below average capabilities. We hope this program will make provisions for the more gifted students, who at this time, do not have the alternatives available to them that other students do. Programs of this type are an attempt to serve all students in the best possible manner.

Math Curriculum — This year in the Elementary School we will be doing a Math Curriculum study. Each year in sequence, we do one of the five subject areas. This committee will have four members from each of the grade levels, one through six. The committee members will represent the elementary schools of Goffstown, New Boston, Dunbarton and Weare.

We will establish an evaluation criteria which will be composed of items we feel are important for a successful math program. This criteria will be used to evaluate textbooks and materials available to us by the various companies in elementary math. Each week, Committee Members will evaluate a text at their grade level. At weekly committee meetings individual evaluations will be compared and the results summarily recorded. After completing evaluations on all elementary math textbooks, the Committee will select the top three of four that received the highest rating. The companies of the texts selected will be asked to have their educational consultants attend a meeting of our Curriculum Committee. At this time we will listen to their presentation and seek answers to our questions. At a final meeting we will discuss the selected texts and materials and determine by discussion and voting the one most appropriate for our use.

Public Schools' Reports

GOFFSTOWN AREA JUNIOR/SENIOR HIGH SCHOOL

William H. Marston, Principal

The intent of this report is to comment on those characteristics of our school that I perceive as being particularly noteworthy while identifying other concerns that compromise, in some way, our pursuit of excellence.

It is often remarked by educators that a school is only as good as its teaching faculty. I have been impressed with the overall preparation, experience, and professionalism of our teachers. Goffstown Area High School has a dedicated, concerned and competent staff.

The program of studies offers a reasonably broad variety of educational opportunities for students with emphasis on basic skill development. It is, however, particularly obvious that there are proportionately more opportunities for those students who plan to further their formal education beyond high school. During the past year we have reviewed the program opportunities for those students who do not plan to further their formal education beyond high school and have begun to address program areas where unequal opportunities exist.

In some instances we feel justified in pointing to a lack of sufficient teaching personnel to more effectively meet this challenge. Classes in English and mathematics remain crowded in too many instances and we are concerned about the fact that some junior high students have not been scheduled in home economics, industrial arts, or art classes. We do not offer general music education to junior high students and this fact now places our state conferred comprehensive junior high school rating in jeopardy. For the fifth year we continue to request an additional teacher to meet this need.

It is desirable to suggest, however, that increasing the number of academic classes and improving student/teacher ratios only provides the **opportunity** for more effective teaching techniques to help more students learn more effectively is an equally important part of the formula. This latter responsibility is one that many of us feel critical to the success of the public school process. The needs of our students and the expectations of the communities require us to meet the challenge.

During the past year-and-a-half as your principal, I have joined with the faculty in helping to narrow the disparity between some practices and programs and the things we say are important for all students. I believe we have made some very measurable progress. This school year has seen the introduction of the Title I Reading Rotation Program which helps 120 eighth and ninth graders who have identifiable reading problems. We are excited about the success of the program and wish to involve seventh graders next year. A special thanks to Mrs. O'Reilly at the Central Office for helping to make this program available for our students. The behavioral code governing student participation in school sponsored activities was reviewed, expanded and clarified with the help of members of our faculty, student body and school board. Attendance procedures have been improved and the results to date, most gratifying. The special education program has been completely reorganized with the help of the special education faculty and the expectation is that the academic needs of these students will be better served. Recently, an alternative program was initiated that provides students who cannot meet the requirement of the regular

school curriculum an opportunity to succeed. Guidance services have been reviewed and reorganized to help better serve the ever increasing needs of our student population. An additional counselor is again being requested to meet the ever expanding needs of a growing number of students in both the junior and senior high schools. Beginning in the school year, 1983/84, those students who cannot show a minimum proficiency in basic arithmetic after completion of grade 9, will have to repeat a ranking period as tenth graders. Failure to pass such a test as tenth graders will require a student to take an additional ranking period as an eleventh grader and so on through grade 12 as necessary.

We have also begun to address the kinds of concerns that will improve upon the very special needs and interests of our junior high school students. One of the challenges in a system that incorporates grades 7 thru 12 is to recognize and provide for the uniqueness of the pre-adolescent student. Our junior high school faculty is working to provide this special emphasis.

I have been very encouraged and pleased with the amount of community interest in the high school. However, we need to continue searching for ways of sharing concerns on a more consistent and timely basis. There is currently a group of interested parents working with the high school administration and interested teachers to provide opportunities for such discussion and interaction.

In concluding this report, I would like to thank Superintendent Paradis, Assistant Superintendent Lates and Business Manager Johnstone and school board members for their support, encouragement and leadership. It is a pleasure to be part of a process where opportunities for growth are present and leadership encouraged. My sincere thanks to the faculty for their on-going commitment to working together for the benefit of students. A special thanks to my assistants, Jim Fullam and Don Foley whose skill and competency is most commendable. And, especially, an extra thanks to the students who have accepted a new principal with kindness and cooperation. Our students are our greatest asset!

Respectfully submitted,
William H. Marston
Principal

Public Schools' Report

GOFFSTOWN ANNUAL SCHOOL HEALTH REPORT September 1981 - June 1982

School nurses have long recognized that each student is considered a multifaceted individual. The level of his health is reflected in his reaction to stress and the daily pressures of living, including learning and recreation. The school and the school nurse play a major role in monitoring the general well being of students.

School Health Services today have changed significantly from the early efforts of school nurses to set limits on the spread of contagion among children, particularly those of school age and to provide temporary care for injuries or sudden illnesses of students and school personnel.

The school nurses provide educational programs in nutrition, dental hygiene, personal hygiene, provide films on good health, developmental changes at appropriate levels, first aid, early detection and prevention of cancer, venereal disease, and also information against the use of smoking, alcohol, and drugs.

Each school child, annually, in all grades one through seven and tenth grades is screened for vision, hearing, height and weight and blood pressure. Any necessary referrals and follow ups are made. They research and record information pertinent to the child's health and immunization levels. Scoliosis screenings are also performed in various grades.

Physical exams are performed by the school physician on all fourth grade and seventh grade students and all students participating in competitive sports.

All students through grade eight are given an opportunity to participate in the school dental health conference sponsored by the New Hampshire Bureau of Dental Health and the local Mothers' Clubs. Nutrition and dental health education are important parts of this service, as well.

Applications for free and reduced hot lunches are reviewed by the school nurse. Recommendations are made on the basis of their findings.

Each school nurse is a member of their building core team. She is called upon to make appropriate recommendations based on the students health status.

School nurses are responsible for maintaining professional standards and updating their knowledge in various ways — college courses, appropriate workshops, inservice education, seminars and state sponsored programs. This contributes toward improved care for handicapped children in our schools and the health maintenance of all our youth.

We were fortunate to secure Child & Family Services counselors to work with two groups of students. Each group of children had specific needs and with the services of the counselors were able to work through their problem.

We extend our thanks to all the community agencies, local clubs, and organizations that contribute so much to the success of our programs.

Respectfully submitted,
Phyllis Duclos, R.N.
Doris Bailey, R.N.
Jeannine LaRoche, R.N.
Anne Gamache, R.N.

GOFFSTOWN SCHOOL BOARD members are (l-r, seated) George Deziel, John Brown, Chairman; Paul Welch, Frank Hudson; (standing) Patricia Guptil, Dallas Mahoney, Sara-Ann Sarette, Helen Skoglund. Absent from photo, Donna Kelly.
